A trailer pool is preferred (the number of trailers is to be confirmed). It could be possible for you to use our yard as a terminal if needed. We have 50 loading docks available on-site. The carrier will need to provide straps and logistic load bars (3-4 per load). These trailers will remain at our disposal for advance loading by our team, and no loading services from the carriers will be required. This requirement is critical, as our production volumes are expected to increase significantly by late winter/early spring, making pre-loading capacity essential.

DELIVERY

We deliver our furniture to hotels, Residential Housing projects for Colleges and Universities, and Military bases. We do not have regular lanes. Delivery locations are always different. The furniture is unloaded manually by a team of movers on site.

- Average unloading time: 3 hours
- FTL is always delivered with a “time” and “day” appointment set by Foliot Furniture Inc.
- LTL is delivered on a precise day set by Foliot Furniture Inc., from 8:00 AM to 3:00 PM.

The following is a list of features that we wish to receive from a preferred carrier:

- Transparency and communication during delivery follow up;
- Last-minute changes, flexibility;
- Avoid live loads;
- Asset based carrier: no third-party logistics
- Web access / GPS localization of delivery trucks;
- Drivers’ availability during peak periods;
- 98% respected appointed time;
- Polite, courteous and professional drivers for all deliveries;
- Drivers are reachable at all times for our people on site;
